

WE'RE HIRING INTERNS FOR FALL 2021

As we prepare for the legislative session, interns will have the opportunity to get hands-on experience in the political communications field during committee weeks. Additionally, interns will perform a variety of tasks that are linked to our ability to deliver quality service to our clients. Over the course of the internship, interns will learn and familiarize themselves with the following:

- Writing press releases, opinion pieces, letters to the editor and collateral material
- Handling media and pitching
- Monitoring news and social media
- Clipping and aggregating news articles
- Providing administrative assistance
- Managing contact lists and mass mailings
- Working on small design projects

Interns are required to complete approximately 15-20 hours per week, during an 8 a.m. to 5 p.m. workday. This opportunity is for the entirety of the Fall 2021 semester, and we're accepting applicants that can either work in person, remotely or a combination of both.

If you are interested in applying for an internship position with BCC, please email your resume, cover letter, writing sample and availability to Kelsi Snow at ksnow@bascomllc.com.
