

RIDER

Resilient Infrastructure & Disaster Response Center

We are Hiring!*

Web Design and Graphic Design

*in Tallahassee preferred

Up to 20 hours per week, Salary negotiable

The Resilient Infrastructure and Disaster Response Center is launching a new initiative focused on reducing methane emissions called the Methane Emissions Reduction Initiative (MERI). We need your help to make this happen.

Responsibilities:

- Design and build the website for MERI (experience with Drupal preferred).
- Design key branding elements (i.e. logo) for MERI.
- Preferred: Assist with marketing MERI
