

SIE CoLab

Creating a world in balance that works for everyone.

The SIE CoLab recruits student leaders from diverse fields at any degree level to learn changemaking skills through the lens of social innovation & entrepreneurship (SIE).

These students, known at the SIE CoLab as *Transformers*, engage deeply in our work, experiencing first-hand how leadership, innovation, & passion for changemaking all come together...

"I am thrilled to continue my work with the SIE CoLab.

It is a rich environment where each individual shares an understanding of the urgency for a new approach to the world's pressing issues."

~ Cosette Falker

SIE CoLab Transformer

"The SIE CoLab allows me to utilize and deepen my academic and professional skills and knowledge for planning and leading initiatives within the community in ways that are good for people, planet, and prosperity."

~ Emma Knight

SIE CoLab Transformer

Transformers gain knowledge, tools, and experience in leading as changemakers, adaptive problem-solving, developing regenerative & distributive impact models, and transformational systems change.
